Screenshot 4 — Program Output

python tracker.py with inputs Sam, Lunch 20, Shoes 150, tax 10, budget 200

```
PS C:\Users\3johnbrother's PC\python-course\expense-tracker> python tracker.py
================================================
               EXPENSE TRACKER
         Know where your money goes.
================================================

MAIN MENU
        [1] Add an expense      (coming soon)
        [2] View all expenses   (coming soon)
        [3] Show total spent    (coming soon)
        [4] Exit                (coming soon)

What's your name? Sam
Welcome, Sam! Let's log two expenses.
First expense? Lunch
Amount? 20
  Small expense.
Second expense? Shoes
Amount? 150
  Big expense.
Tax rate %? 10
Your budget? 200

------------------------------------------------
SUMMARY
 - Lunch:       $20.0
 - Shoes:       $150.0
Subtotal:       $170.0
Average:        $85.0
Tax (10.0%):    $17.0
Grand total:    $187.0
Careful: only $13.0 left.
------------------------------------------------
